IMAGES OF HEALING AND LEARNING

The Heart

Stephanie King

The Heart

Graphite on paper, 2010.

Stephanie King is a student at The Cleveland Institute of Art in Ohio, class of 2012. As a biomedical illustration major, she creates highly realistic scientific illustrations for use as learning tools. She works in colored pencil, graphite, computer rendering, photography, and paint. She started to draw at an early age and enjoys learning through science about the world around her.
